Senior Citizen Assessment Freeze Application

Outreach Sessions

Attention seniors! Receive assistance filling out the 2018 Senior Citizen Assessment Freeze Application at an upcoming outreach session. The Senior Freeze provides eligible seniors (based on income levels) protection against real estate tax increases due to rising property values as this exemption "freezes" your home's equalized assessed value at a base year value. The base year is generally the year before you first qualify and apply for the exemption. For example, if you first qualify and apply in 2018, your property's equalized assessed value will be "frozen" at the 2017 equalized assessed value. Please note that this exemption is not a tax freeze or a tax reduction and does not protect against increased taxes due to tax rate
