September 2018

Dear Residents:

School is back in session so please watch out for all the children walking to and from school. Thank you to you & your families & friends who attended the annual festival. We are planning our annual halloween party, which is on October 20, 2018 from 5pm-9pm. Some future plans the Village is working on is a referendum that is coming up on the ballot this year for a water expansion project and we will also be mailing a survey within one month to every resident about the clerk position. Please help the board make its decision regarding the clerk position on making it an elected or an appointed position. The paving of the streets is near completion. This is a program that the Village will continue to work on as funds become available. The Village will also be working on sidewalks next year throughout the entire Village.

If you have any questions please do not hesitate to contact me at (847) 546-1206.
